PAYMENT TERMS AND PROCEDURES - ACADEMIC YEAR 2026-2027

- A. **ADMISSIONS FEE:** It is paid once only upon registration irrespective of how long a student remains in school and it is **non-refundable**.
Enrolment for the next Academic Year will not be accepted, unless fees and/or other charges for the previous year have been fully settled.
- B. **RE-ENROLMENT FEE:** Payable on a yearly basis upon registration and it is **non-refundable**.
- C. **RESERVATION DEPOSIT (new):** A Reservation Deposit of €1,000 (one thousand Euros) per student shall be payable by no later than 31st January 2026 to reserve a place for the 2026-2027 academic year. The Reservation Deposit is non-refundable and shall be credited against the student's fees for the 2026-2027 academic year. If the Reservation Deposit is not paid within the specified deadline, then the student's place for the 2026-2027 academic year will not be guaranteed.
- D. **REGISTRATION DEPOSIT (old- abolished):** Effective from the commencement of the 2026-2027 academic year, the School hereby confirms that the existing Registration Deposit shall be abolished in its entirety. All Registration Deposits held on students' accounts will be credited to the students' accounts, to be set off against their tuition fees.
- New Students/Re-registering students** are expected to report to school at the start of the academic year/projected starting date, following the school calendar. The registration/re-registration will automatically be cancelled for all students who fail to return on the first day of the academic year/projected starting date, and who fail to obtain written permission from the Head Teacher of School prior to the beginning of lessons, if there is a serious reason causing them to start late. In addition, the school reserves the right to demand payment for the academic year.
- E. **COMPOSITE FEE:** This fee is payable in advance and covers Computers, Laboratories, Library, Art and Accident Insurance. This fee is non-refundable even when a student does not complete the academic year.
- F. **BOOKS:** Books are payable in advance for the year.
Primary School: children pay a projected amount for the loan of books and the purchase of workbooks throughout the academic year, which is based on an estimate of the cost of these items during the previous year. If additional books/materials are deemed necessary during the running year, parents may be asked to supplement this amount. All books should be returned to the school at the end of each academic year or upon the child leaving the school if it is during the year. This fee is not refundable even when a student does not complete the academic year. Parents will be asked to pay for any loss or damage to books to cover replacement costs.
Secondary School: children must buy their books and any materials needed as advised.
